

## KITTING

## Simple to Complex, Agile Approach, Cost-Efficient

We adapt to your market's changing needs

### Quality Experience You Can Trust

Whether it is an onboarding welcome kit for new employees or a specialized mechanic's tool kit, we assemble and organize bulk shipped components into plastic, compartmentalized boxes, following specified diagrams, or provided templates.

Our automated inventory control system and experienced staff deliver high-quality assembly and kitting services with meticulous attention to detail. Peoria Production Solutions provides these sub-assembly and manufacturing kitting solutions with the capacity and capabilities to customize your products' complete kitting requirements.

# FULFILLMENT SHOULD BE FULFILLING

**As the contents of boxes change, and demands increase, leave it to Peoria Production Solutions to help you deliver with peace of mind.**

The needs of your customers vary – whether it is a monthly subscription service, such as maternity ‘Bump Box’, the craft of the month, smudging, pet supplies, tooling, employee onboarding, or team recognition kits, let Peoria Production Solutions build and deliver.

Our contract packaging involves pack-out and kitting, which includes packing products into retail packaging or displays. This process can encompass bundling different products together or packaging them specifically tailored to your requirements.

Our agile approach, blending automation and skilled talent means we can adapt quicker than other production manufacturers to switch course as needs change. For 80 years, Peoria Production Solutions has upheld an impressive 98% rate of accuracy and on-time delivery. We owe it all to our dedicated team members’ attention to detail and above-average team member retention.

**Hire Performance. Higher Standards.**

*We take great pride in our reputation for efficiency, accuracy, and quality.*
